Dear Physics Teacher,

- Do you want to use your school computers and tablets as a resource for teaching Physics?
- Do you want to have Physics content on your school Intranet?
- The interactive resource has been specially prepared by experienced teachers
- Sound – speed, frequency, wavelength, intensity, standing waves, beats, transmission of sound (11 questions)
- Electric power – magnetic force, electromagnetic induction, transformer action, AC voltage and current, voltage and power (10 questions)
- Electronic systems – resistors in series and parallel, AC voltage and current, capacitors, AND, NAND, OR and NOR gates (11 questions)
- This is an interactive pdf file for both computer and tablet use
- Students can type their answers directly into the file
- Students can check their answers to each question

**✓ Please supply the interactive PDF file for Year 11 and Year 12 Physics as described above at a cost of \$30 plus delivery for an unlimited school site licence.**
