Features of each of these Australian Curriculum Science Tests and Science Mark Books

- Comprehensive coverage of the Australian Curriculum for Science for each level (Years 5, 6, 7, 8, 9, 10)
- 30 multiple choice questions with detailed answers (30 × 1 = 30 marks)
- 40 short answer questions with detailed answers (20 × 1 = 20 marks), (10 × 2 = 20 marks), (10 × 3 = 30 marks)
- Supplied in Word format for easy editing so that you can create your own tests
- Supplied in pdf format for easy printing so that you can produce tests quickly
- Each question is precisely mapped to a concept in the Australian Curriculum
- **For Years 7, 8, 9, 10 there are two (2) complete, different tests available as described above.**
- Web links are provided with each answer so that you can do research on each curriculum topic.
- Mark Books are available in Excel, Word and pdf formats so that you can record your students' progress easily
- Unlimited and on-going school site licence for the printing and / or electronic use of each all Tests and Mark Books
- Sample files can be downloaded from <http://kilbaha.com.au>

Please mark (X) those required.

Australian Curriculum Tests and Mark Books	Price
Year 5 Science	\$30
Year 5 Science Mark Book	\$10
Year 7 Science Test 1	\$30

Only \$10 plus delivery for an unlimited school licence.

Dear Chemistry / Science Teacher,

- Do you want to use your school computers and tablets as a resource for teaching **The Nuclear Atom**?
- Do you want to have Chemistry content for **The Nuclear Atom** on your school Intranet?
- This interactive resource has been prepared by experienced teachers.
- Questions on **The Nuclear Atom** with detailed answers are provided for students to work through.
- Load the resource onto every computer in your school or put it on your Intranet Server.
- Distribute it by email to your students.
- This Interactive Chemistry Resource is supplied to you with an unlimited school site licence.
- It may be distributed without restriction in any format to teachers and students at your school.
- It works on any computer or tablet using the free Adobe Reader.

✓ **Please supply the interactive PDF file for Chemistry as described above at a cost of \$10 plus delivery for an unlimited school site licence.**

Please choose one of the following delivery methods. Cost of each delivery method is shown.

Interactive PDF file on **Energy and Chemical Reactions** containing 28 multiple choice and 26 extended answer questions. Detailed answers provided.
Use on computers or tablets using the free Adobe Reader.
Only \$10 plus delivery for an unlimited school licence.

Dear Chemistry / Science Teacher,

- Do you want to use your school computers and tablets as a resource for teaching **Energy and Chemical Reactions**?
- Do you want to have Chemistry content for **Energy and Chemical Reactions** on your school Intranet?
- This interactive resource has been prepared by experienced teachers.
- Questions on **Energy and Chemical Reactions** with detailed answers are provided for students to work through.
- Load the resource onto every computer in your school or put it on your Intranet Server.
- Distribute it by email to your students.
- This Interactive Chemistry Resource is supplied to you with an unlimited school site licence.
- It may be distributed without restriction in any format to teachers and students at your school.
- It works on any computer or tablet using the free Adobe Reader.

✓ **Please supply the interactive PDF file for Chemistry as described above at a cost of \$10 plus delivery for an unlimited school site licence.**

Please choose **one** of the following delivery methods. Cost of each delivery method is shown.

CD-ROM by Ordinary Post = \$5.00

CD-ROM by Express Post = \$10.00
