Features of this electronic textbook for Chemistry (825 pages)

- Written by experienced teachers with links to multimedia and student exercises
- Use for the Australian Curriculum or any curriculum containing Chemistry
- Supplied in PDF format for easy printing and sharing in the school
- Yes! You can use this textbook simultaneously on every computer and device in the school
- Yes! You can put this textbook on your password protected school server
- Yes! You can print pages from this textbook
- **You can use this electronic textbook in any way you wish within the school**
- More detail at <https://kilbaha.com.au/Kilbaha-Chemistry-Textbook>

Chapter	Title (number of pages)
1	Essential ideas (75)
2	Atoms, molecules and ions (89)
3	Composition of substances and solutions (66)
4	Stoichiometry of chemical reactions (92)
5	Electronic structure and periodic properties of elements (97)
6	Chemical bonding and molecular geometry (115)
7	Liquids and solids (97)
8	Representative metals, metalloids and non-metals (60)
9	Transition metals and coordination chemistry (43)
10	Organic chemistry (74)
Data Book (17)	

Total Amount = \$49.95 (Price include GST)

THE VERY PRACTICAL SCIENCE BOOK

ISBN 9781876324452

This is a 96 page laboratory logbook for science students. It contains detailed guidance for investigations in science together with data tables, instructions on Internet use, writing pages and graph pages. Now in its 30th year of publication! 3rd edition.

Used by 100,000 students. **Available as an electronic file for use on all devices in the school.**

- Interactive 1.5 hour Chemistry Examination
- Interactive PDF file containing 17 multiple choice and 5 extended answer questions.
- Detailed answers provided.
- Use on computers using the free Adobe Reader
- Only \$30 for an unlimited school licence.

Dear Chemistry Teacher,

- Do you want to use your school computers as a resource for teaching Chemistry?
- Do you want to have Chemistry content on your school Intranet?
- This interactive examination has been prepared by experienced teachers
- This is a Chemistry Examination on the topics: Chemical Bonding in Water, Iron, Sulfuric Acid, Stoichiometry, Equilibrium, Instrumental Analysis.
- Load the resource onto every computer in your school or put it on your Intranet Server
- Distribute it by email to your students
- This interactive Chemistry Examination is supplied to you with an unlimited school site licence
- Detailed answers included.
- It may be distributed without restriction in any format to teachers and students **at your school**
- It works on any computer using the free Adobe Reader

Please supply the interactive PDF examination for Chemistry as described above at a cost of \$30 for an unlimited school site licence.

Total Amount = \$30 (Includes GST)

Dear Chemistry / Science Teacher,

- Do you want to use your school electronic devices as resources for teaching **The Mole**?
- Do you want to have Chemistry content for **The Mole** on your school Intranet?
- 45 multiple choice questions
- 16 extended answer questions
- This resource has been prepared by experienced teachers.
- Questions on **The Mole** with detailed answers are provided for students to work through.
- Load the resource onto every computer in your school or put it on your Intranet Server.
- Distribute it by email to your students.
- This Chemistry Resource is supplied to you with an unlimited school site licence.
- It may be distributed without restriction in any format to teachers and students at your school.
- PDF file for easy printing
- WORD file for easy editing
- Detailed answers to all questions in PDF and WORD formats

Please supply the PDF file and the WORD file for Chemistry as described above at a cost of \$10 for an unlimited school site licence.

Total Amount = \$10 (Includes GST)
